

APOLLO KAUA'I Informational seminars & community workshops

Ever thought about generating your own electricity via wind power? The process may be easier and more affordable than you think. Join us **August 14th at 6pm** for "WHICH WAY IS THE WIND BLOWING?" - a free informational seminar about wind power on Kaua'i.

*Skystream Wind Turbine
installed in a Utah Restaurant.*

Which Way is the Wind Blowing?

An Informational Discussion on Wind Energy on Kaua`i covering What is Present and What is Possible.

Thursday, August 14 at 6 PM in the Mo`ikeha Room at the County Civic Center.

Sponsored by APOLLO KAUA'I

DISCUSSION WILL COVER:

UPC/First Wind (large turbines) and the outcome of the Moloa`a Study/future plans
Wind Energy - Vertical Axis (medium size turbines) - technology and the results of the first prototype
Kaua`i Electric - Sky Stream Energy (Residential turbines) - application on Kaua`i today

ALSO SCHEDULED:

Visits from Planning Department Personnel

Councilman Tim Bynum (working with county planners to develop a streamlined application process)
and State Fish & Wildlife Staff

Through education and advocacy, APOLLO KAUA'I's mission is to assist our island in becoming more sustainable by using socially and environmentally responsible, renewable alternatives to fossil fuel. Wind Power seminar attendees are invited to join us for our regular meeting beginning at 5:30PM, preceding the 6:00PM discussion.
